

## Roller Cup 2023

The aim of the Roller Cup is to create a competitive events structure for non-championship and beginner athletes that will run throughout the year.

It will give non-championship athletes a greater motivation in training and allow coaches and athletes to set goals and objectives for the skating year. It will give beginner athletes and parents an insight into the competitive events.

For 2023 the Roller Cup will be made up of 3 events and a final.

### Scoring System

The top 10 skaters in each event will receive points, the points structure will be as follows:
