

## Carole Mould Retirement

I would like to take this opportunity to thank Carole for all her hard work and the many hours of judging she has undertaken for FARS.

Carole became a National Judge in 1987 and an International 'A' Judge in 1989. She has judged many competitions over the last 32 years, including Club competitions, FARS' Events and Championships, World Championships, World Games, European Championships and many other International Competitions.

Carole has said how much she has enjoyed judging both nationally and internationally and will miss skating, but she would like to wish FARS and its judges, "all the best for the future".

Carole is a much respected and well-loved judge and we will miss judging with her.
