

BRIAN CRAWFORD

It is with regret that I announce the death recently of Brian Crawford, a member of many years standing. Brian joined the NSA in 1952 and took an active part in our sport, gaining Silver dance, Bronze figure & free medals and not forgetting his Silver speed skating medal. He also took an active part in the administration of our sport, being a member of the Committee for Artistic Roller Skating for many years and Honorary Regional Officer for Scotland. Brian was an active judge too, being on the Gold dance panel and Silver figure & free panel.

Many of you will remember him as “the voice of roller skating “, as he announced at many national and international competitions and championships always dressed immaculately in either a full dinner suit or tuxedo.

I am sure that you will all join me in sending our condolences to his family and friends.

Vic Pratt

Company Secretary
