

## Head of Figures and Free

May 1<sup>st</sup> 2018

To all members and affiliated clubs,

Following on from the recent announcement regarding Ben Prior's resignation, we are pleased to announce that Nick Loader has agreed to act as Interim Head of Figures and Free until such time as the AGM is held. Nick having been President has a good team behind him already and is currently in the process of working with his team to help him with this role and the organising of the events.

We are keen to ensure that we continue with the ongoing development of our skaters and coaches and Nick has appointed Chris Fox as National coach for Figures and Free who will be communicating a training plan and his team shortly.

Although we have had a change in the management of Figures and Free after a very short period of time, the Trustees are totally behind this flatter structure, which can clearly work as long as we all work together with the ultimate goal of improving our sport at all levels.

Sincerely

Steve Prudence  
Trustee of FARS
